Your Hire Agreement

Novuna Vehicle Solutions offer a Hire Product to customers who wish to hire a vehicle of their choice for an agreed term and mileage. At the end of the Hire Period the vehicle is returned to Novuna Vehicle Solutions, the Agreement is for the use of the vehicle only and there is no option of ownership. This is typically called Personal / Business Contract Hire.

It is important that you read and understand the documents provided to you by your introducer and ask any questions you may have before you sign and agree to the terms and conditions. As the Agreement is pre-signed by Novuna Vehicle Solutions as soon as it is signed by you it becomes binding on both parties and your vehicle order will be placed.

You will have the option to select the following:

- The length of the Agreement (2-5 years for cars, 6 years for LCV)
- Expected total mileage (max 150,000 miles cars, 180,000 for LCV)
- Service and Maintenance covered by Novuna Vehicle Solutions (additional cost)

Once the order has been completed, you will receive updates regarding delivery of your vehicle directly from your intermediary or dealer. If the estimated delivery is extended by more than 10 weeks then you will have the opportunity to cancel the order.

The Agreement is not cancellable, unless you are an Individual, the asset is for your personal use only and you have entered into the agreement at a distance, you will have 14 days to notify us of your request to cancel the agreement. The 14 days period begins the day after the agreement is signed by you.

We will collect the initial rental payment (including VAT) via Direct Debit following delivery of your vehicle.

You will then pay fixed monthly rentals which will always be payable in advance on the last working day of each month.

Occasionally there is a delay in receiving notification of the vehicle delivery to start your Direct Debit payments. If this happens, we will collect all backdated payments within the same month. We call this a "Catch Up Invoice" which we will advise you of in writing. Please ensure that you have the funds available to cover the payment.

If the Manufacturer increases the cost of the vehicle prior to delivery to you, we will pass these costs on to you, you can choose not to proceed and to end the Hire Agreement at no cost.

At the end of your agreement, the vehicle will be inspected at the time of collection, it is important to be aware that charges may apply:

- Any damage considered to be outside of fair wear and tear in accordance with the British Vehicle Rental and Leasing Association (BVRLA) guidelines.
- Excess mileage charges (£ rate per mile is confirmed in your Hire Agreement) may apply if you exceed the agreed mileage stated in your Hire Agreement.

There will be no refund for unused mileage.

We hope you will find the information in this guide useful, if you have a question that is not covered in here or if there is anything you would like to discuss in more detail, please contact us on **0344 463 2900** or smecustomerservice@novunavehiclesolutions.co.uk and we will be happy to help.

Insurance

You must ensure the vehicle is fully comprehensively insured at all times.

MOT

You must ensure that the vehicle has a valid MOT. This is required by either:

Servicing

Vehicles need to be serviced to keep them in good working condition and to keep your obligations in terms of the manufacturer's warranty. Not adhering to the service schedule may invalidate the warranty which could leave you liable for anything that goes wrong.

Service records for your vehicle must be stored safely, be kept up to date and retained with the car before handing it

back at the end of the agreement. For digital service records, please ensure your chosen service centre updates your service history on completion of work.

If on collection of the vehicle, the service history is missing or incomplete, a £300 fee will be charged in accordance with the terms and conditions of your agreement. A missed service is regarded as a service more than 28 days later than its due date or 500 miles over the specified service schedule, according to the manufacturers specifications, whichever comes first.

If you require a courtesy vehicle as part of a service, repair, or maintenance work, these are not guaranteed and are subject to the availability of the garage.

Repairs and Maintenance

Any parts that meet the manufacturer's specifications can be fitted to the vehicle, but please ensure you check this with your garage before booking.

Breakdown Assistance

Breakdown assistance outside of the manufacturer scheme is your own responsibility and will be at your own cost.

Tyres

All tyre replacements to be premium quality grade: No budget tyres to be fitted.

Foreign travel

In order to take a lease vehicle abroad, it is a legal requirement to be in possession of a VE103 Vehicle on hire

certificate. This certificate confirms that you have Novuna's authority to take the vehicle abroad.

Please request a certificate via <https://ve103.mynovunavehicle.co.uk/> at least 10 working days prior to travel.

There is a **£12.00** administration charge payable.

The VE103 is valid for one year and can be used as and when required up until expiry; it is vehicle specific so can only be used for the vehicle and persons detailed in the application. When travelling abroad, please ensure you carry the VE103 and a copy of your motor insurance.

European travel is not included in your agreement, therefore any costs for maintenance or breakdown abroad will be your responsibility. Adequate breakdown cover for the vehicle and passengers must be purchased separately prior to travel. Often, manufacturers will offer European breakdown cover in their warranty. Information on this can be found in your vehicle's handbook.

Vehicle cannot be taken outside the United Kingdom without our prior written consent for more than 30 consecutive days at a time and no more than twice every 12 months and the Vehicle must be insured during such time.

Please ensure you are aware of other countries' laws relating to tyres and compulsory vehicle equipment.
